

A Complete Generation of Rubber

Huxar Reclamation

Huxar Reclamation, a progressive & professionally managed Industrial unit producing Rubber Reclaim since 1992, spread over 600000 sq ft. area. Huxar Reclamation products are known for its highest quality standards. Beside large Indian customers, our products are exported around the globe and our quality is approved by the companies which are big giants of Rubber Industry globally.

Huxar Reclamation, an ISO 9001 & REACH Certified Unit. What makes us a better Company is our Labs, We have excellent facilities for research & development. We have international standard Labs. Balancing short-term results with long-term objectives is our motto.

"Our Quality is our brand"

We specialize in making our product as per our customers' requirements. Our product range includes all the grade and types of Reclaimed Rubber. Our manufacturing plant Jai Bajrang Rubbers Pvt. Ltd is largest manufacturing plant of Whole Tire Reclaimed Rubber in INDIA.

We complete our entire manufacturing process under one roof. Huxar Reclamation dedicated & technically qualified staff team work round the clock to ensure highest quality standards & cost effective measures to offer best quality products at most affordable prices to deliver value for money to our valued buyers.

We welcome the opportunity to earn your trust and confidence and look forward to become your preferred source of Reclaim Rubber. We invite you to visit our plant, witness our quality standards, Systems in place and be a part of ever growing association worldwide.

VISION

To be a sustainable and responsible business for the benefit of all stakeholders.

Ideally positioned to face the challenges of environmental pollution and dwindling natural resources such as crude oil, amongst other base materials, Huxar continues to grow the strength of its Research & Development programmes in order to discover bigger and better solutions to drive further improved Materials Waste Management. Our investment in the recycling innovation space can offer huge value to the community at large as it emphasises results derived by application development of in-process and end-of-life waste.

MISSION

This will be accomplished by:

- Being a responsible corporate citizen;
- Caring and developing people;
- Providing customers with quality products and services;
- Being globally competitive;
- Being innovative and continuously improving; and
- Achieving optimal return on assets.

Our Customers

Huxar Reclamation is driven by values and is pledged to deliver Quality products to our customer. We are serving our clients in different regions including Turkey, Italy, Sri Lanka, UAE, France and many more across the globe. Our customers are bonded with us with trust we have developed through our services and products. Our well qualified sales team and production team is always ready to meet our customer's requirement.

Germany | Italy | Spain | Pakistan | Dubai | Sri Lanka

A MESSAGE TO THE SOCIETY

“ TODAY, THE WORLD IS FACING SPACE'S PROBLEMS AND FOR SOLVING THIS, THE BIRTH OF RECYCLING PROCESS TECHNOLOGY. ”

Products Range

Whole Tyre Reclaim Rubber

Sources: Product quality is usually predefined during the phase of strict and smart purchasing activity. Our range of Whole Tyre Reclaim Rubber are produced from scrap of Whole Tyre. Main concern of Huxar Reclamation is to purchase quality material.

SUPERFINE GRADE

Applications

- Adhesives
- Extruded articles
- Quality molded goods
- Calandered products

Chemical Index	
Test Name	Content
Ash Content (%)	10±2
Carbon Black (%)	25±2
Acetone Extract (%)	14±2
RHC (%)	50 Min
Volatile Matter (%)	1% Max

Physical Index	
Test Name	Content
Specific Gravity (gm/cc)	1.14± 0.03
Tensile Strength (kg/cm ²)	60 Min.
Elongation At Break (%)	250 Min.
Hardness at Shore A	57± 5
Mooney Viscosity ML (1+4) @100°C	40-60

FINE GRADE

Applications

- Tyres
- Hoses
- Quality molded goods
- Conveyer belts

Chemical Index	
Test Name	Content
Ash Content (%)	10±2
Carbon Black (%)	25±2
Acetone Extract (%)	14±2
RHC (%)	50 Min
Volatile Matter (%)	1% Max

Physical Index	
Test Name	Content
Specific Gravity (gm/cc)	1.14± 0.03
Tensile Strength (kg/cm ²)	55 Min.
Elongation At Break (%)	230 Min.
Hardness at Shore A	57± 5
Mooney Viscosity ML (1+4) @100°C	40-60

MEDIUM GRADE

Applications

- Bicycle Tyres
- Footwear Soles
- Qtyre Flaps
- Rubber Sheets
- Battery containers

Chemical Index	
Test Name	Content
Ash Content (%)	10±2
Carbon Black (%)	25±2
Acetone Extract (%)	14±2
RHC (%)	50 Min
Volatile Matter (%)	1% Max

Physical Index	
Test Name	Content
Specific Gravity (gm/cc)	1.14± 0.03
Tensile Strength (kg/cm ²)	45 Min.
Elongation At Break (%)	210 Min.
Hardness at Shore A	57± 5
Mooney Viscosity ML (1+4) @1000C	40-60

CRUMB RUBBER

Applications

- Compound of various rubber products
- Constructions of Roads

Chemical Index	
Test Name	Content
Ash Content (%)	7±2
Carbon Black (%)	27±2
Acetone Extract (%)	6±2
RHC (%)	55 Min
Volatile Matter (%)	1% Max

Physical Index	
Test Name	Content
Specific Gravity (gm/cc)	1.14± 0.03
Tensile Strength (kg/cm ²)	-
Elongation At Break (%)	-
Hardness at Shore A	-
Mooney Viscosity ML (1+4) @1000C	-

Advantages

- Faster Mixing Cycle.
- Improved die swell.
- Reduction in consumption of electrical power due to nerve of compound & faster mixing cycle.
- Practically no reduction in hot air ageing properties.

Quality

Huxar Reclamation, an i.e. ISO and REACH Certified Unit. What makes us a better Company is our Labs, We have excellent facilities for research and development. We have international standard Labs. We specialize in making our product as per our customers' requirements. Balancing short-term results with long-term objectives is our motto. REACH (Registration, Evaluation, Authorization and Restriction of Chemicals) is an European union regulation, and addresses the production and use of chemical substances, and their potential impacts on both human health and the environment. It is the strictest law to date regulating chemical substances and will affect industries throughout the world. One of the major elements of the REACH regulation is the requirement to communicate information on chemicals up and down the supply chain. We at Huxar Reclamation being certified With REACH, Pay special attention from procuring material from beginning source to delivering products to END customers.

"We not only deliver quality products,

We also deliver trust for long term prosperity"

Eco Friendly Planet

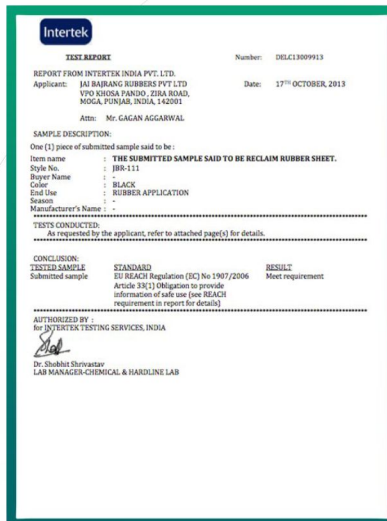

RECOVER · RECYCLE · REUSE

Huxar, as an organisation, is committed to providing sustainable solutions. Taking a cue from the growing world trend of 'Recover, Recycle, Reuse', we have derived ways and means of contributing towards a cleaner, greener planet through our various business offerings.

Certificates

Quality is embedded with top to lower management in our organization and it became a customer-focused organization
